## Summary

Motivated student at 1337 coding-school, passionate about computer science, problem-solving, and DevOps. Skilled in full stack development with JavaScript, React.js, Tailwind CSS, Python, and Django. Experienced with CI/CD, Docker, Git, and cloud platforms (Azure/GCP). Familiar with Agile methodologies.

## Education

### 1337 Coding School

IT Architect

November 2023 - Present

Khouribga, Morocco

### University Moulay Ismail

DEUG Mathematics and Computer Science

October 2020 - July 2023

Meknes, Morocco

### Lycée Tarik Ben Ziad

Baccalauréat Sciences Mathématiques A

July 2020

Azrou, Morocco

## Skills

### Programming Languages

C/C++, Python, TypeScript, JavaScript

### Backend Frameworks / Libraries

Django, Express.js and Flask

### Frontend Frameworks / Libraries

React.js, Next.js and Tailwind CSS

### Containerization & Orchestration

Docker and Kubernetes

### CI/CD & Automation

GitHub Actions, Jenkins, GitLab CI/CD and Argo CD

### Infrastructure as Code

Terraform, Ansible and Vagrant

### Cloud Platforms

Azure and Google Cloud Platform

### Databases & Message Brokers

MySQL, PostgreSQL, Redis and RabbitMQ

### Monitoring & Logging Tools

ELK Stack, Prometheus and Grafana

### Security analysis

SonarQube, Trivy, Tfsec, Terrascan and Snyk

## Certifications

### GitHub Foundations

GitHub

[>Show credentials](#)

GitHub Certification validates expertise in version control, repository management, collaborative workflows, and modern development practices, demonstrating comprehensive proficiency in Git, project management, and team collaboration tools.

### GitLab CI Fundamentals

GitLab University

[Show credentials](#)

GitLab CI Fundamentals Certification verifies skills in continuous integration and deployment, pipeline configuration, automation strategies, and DevOps practices, showcasing strong expertise in GitLab environments and modern software delivery workflows.

### Introduction to Agile Development and Scrum

Coursera

[Show credentials](#)

IBM Certification where I learned how to adopt Agile practices, write user stories, estimate and assign story points, and track them using a Kanban board. Also, incorporated Scrum artifacts, events, and benefits.

## Extracurricular Activities

### Vice President, DevOps Club - 1337 coding school

November 2024 - Present

Organize and lead learning sessions on DevOps tools and practices for students, fostering interest in software development and operations.
